### **Business**

Junior Warden Report - Building and Grounds

Inspection has now been passed, all remedies are accounted for. There is an infestation of flees in the office but has been treated three times. This may be an ongoing issue that will be monitored.

A large amount of rock will be delivered around the campus early October to assist with drainage. An area was fixed in the choir loft due to freon.

Office Renovation

Carpet will need to be replaced due to ripples, cannot be stretched due to glue. Cracks in some of the rooms, suggested leveling the foundation and patching the cracks. Karen will be reaching out for contractors for bids, and will be presented in future vestry meeting.

### **Discussion**
